ARTICLE 4.11 : FUNGIBLE GOODS AND MATERIALS

1. which the production is performed or otherwise accepted by the Party in which the production is performed.

2. Once a particular inventory management method is selected under paragraph 1, that method shall continue to be used for those fungible goods or materials throughout the fiscal year of the person that selected the inventory management method.

- (a) the accessories, spare parts or tools are not invoiced separately from the good; and
- (b) the quantities and value of the accessories, spare parts or tools are customary for the good.

ARTICLE 4.13 : PACKAGING MATERIALS AND CONTAINERS FOR RETAIL SALE

Packaging materials and containers in which a good is packaged for retail sale shall, if classified with the good, be disregarded in determining whether all the non-originating materials used in the production of the good undergo the applicable change in tariff classification set out in Annex 4A, and, if the good is subject to a regional value content requirement, the value of such packaging materials and containers shall be taken into account as originating or non-originating materials, as the case may be, in calculating the regional value content of the good.

ARTICLE 4.14 : PACKING MATERIALS AND CONTAINERS FOR SHIPMENT

Packing materials and containers in which a good is packed for shipment shall be disregarded in determining whether:

- (a) the non-originating materials used in the production of the good undergo an applicable change in tariff classification set out in Annex 4A; and
- (b) the good satisfies a regional value content requirement.

ARTICLE 4.15 : DIRECT CONSIGNMENT

1. Each Party shall require an importer in its territory that claims preferential tariff treatment for a good imported into its territory from the territory of the other Party to:

Furthermore, each Party may apply such measures as the circumstances may warrant where an exporter or a producer in its territory fails to comply with any requirement of this Chapter.

ARTICLE 5.5 : RECORD KEEPING REQUIREMENT

1. Each Party shall provide that an exporter and a producer in its territory that has obtained a certificate of origin shall maintain in its territory, for five (5) years after the date on which the certificate of origin was issued or for such longer period as the Party may specify, all records relating to the origin of a good for which preferential tariff treatment was claimed in the territory of the other Party, including records associated with:

ARTICLE 5.6 : WAIVER OF CERTIFICATE OF ORIGIN

1. Notwithstanding paragraph 1(b) of Article 5.3, a certificate of origin shall not be required for:

- (b) an importation of a good into the territory of the importing Party, for which the importing Party has waived the requirement for a certificate of origin in accordance with its domestic laws and practices;

2. The importing Party may request the importer in paragraph 1 to provide relevant documents to certify that the good qualifies as an originating good.

ARTICLE 5.7 : VERIFICATIONS FOR PREFERENTIAL TARIFF TREATMENT

1. For the purposes of determining whether a good imported into its territory from the territory of the other Party is eligible for preferential tariff treatment, the importing Party may, through its customs administration, conduct a verification, which may be in sequence, by means of:

- (a) request for a certificate of origin from the importer;
- (b) request for Cost and Production Statement and information from the importer for cases where the importer is able to prepare it on the basis of the importer's own documentary evidence or information;
- (c) request for Cost and Production Statement and information from an exporter or a producer in the territory of the other Party through the other Party's customs administration;
- (d) visit to the premises of an exporter or a producer in the territory of the other Party to review the records referred to in paragraph 1 of Article 5.5 and observe the facilities used in the production of the good, or to that effect any facilities used in the production of the materials; or

2. The importer, exporter or producer that receives a written request pursuant to subparagraphs (a), (b) or (c) of paragraph 1 shall answer and return it within a period of thirty (30) days from the date on which it was received. During this period, the importer, exporter or producer may have one opportunity to make a written request to the Party conducting the verification for an extension of the answering period, for a period not exceeding thirty (30) days.

3. In the case where the importer, exporter, or producer does not return the written

request for information made by the importing Party within the given period or its extension, or that the information provided is false or incomplete, the Party may deny preferential tariff treatment.

4. Prior to conducting a verification visit pursuant to subparagraph 1(d), a Party shall, through its customs administration:

- (a) deliver a written notification of its intention to conduct the visit to:
 - (i) the exporter or producer whose premises are to be visited; and
 - (ii) the customs administration of the other Party; and
- (b) obtain the written consent of the exporter or producer whose premises are to be visited.

5. Where an exporter or producer has not given its written consent to a proposed verification visit within thirty (30) days from the receipt of notification pursuant to paragraph 4, the notifying Party may deny preferential tariff treatment to the relevant good.

6. Each Party shall provide that, upon receipt of notification pursuant to paragraph 4, such an exporter or producer may, within fifteen (15) days of receiving the notification, have one opportunity to request to the Party conducting the verification for a postponement of the proposed verification visit, for a period not exceeding sixty (60) days. This extension shall be notified to the customs administration of the importing and exporting Parties.

7. A Party shall not deny preferential tariff treatment to a good solely because a verification visit was postponed pursuant to paragraph 6.

8. After the conclusion of a verification visit, the Party conducting the verification, shall provide the exporter or producer whose good was verified, with a written determination of whether the good is eligible for preferential tariff treatment, based on the relevant law and findings of fact.

9. Where verifications by a Party show that an exporter or producer repeatedly makes false or unsupported representations that a good imported into the Party's territory qualifies as an originating good, the Party may suspend the preferential tariff treatment to be accorded to subsequent shipment of identical good exported or produced

by such a person until that person establishes that the shipment complies with Chapter 4 (Rules of Origin), in accordance with its domestic laws, regulations or practices. The importing Party shall inform the customs administration of the exporting Party on the evidence and details of the suspension made.

ARTICLE 5.8 : ADVANCE RULINGS

1. Prior to the importation of a good into its territory, each Party, through its customs administration, shall provide for the issuance of written advance rulings to an importer of the good in its territory or to an exporter or producer of the good in the other Party's territory concerning tariff classification, questions arising from the application of the Customs Valuation Agreement and country of origin so as to determine whether the good qualifies as an originating good.

2. Each Party shall adopt or maintain procedures for the issuance of advance rulings, including:

- (c) to conform with an amendment to this Agreement; or
- (d) to conform with a judicial or administration decision or a change in its domestic laws and regulations.

5. Each Party shall provide that any modification or revocation of an advance ruling is effective on the date on which the modification or revocation is issued, or on such a later date as may be specified therein, and shall not be applied to importations of a good that have occurred prior to that date, unless the person to whom the advance ruling was issued has not acted in accordance with its terms and conditions.

6. Notwithstanding paragraph 5, the issuing Party shall postpone the effective date of such modification or revocation for a period not exceeding sixty (60) days where the person to whom the advance ruling was issued demonstrates that it has relied in good faith to its detriment on that ruling.

7. Each Party shall provide that where it issues an advance ruling to a person that has misrepresented or omitted material facts or circumstances or failed to act in accordance with the terms and conditions of the ruling, the Party may impose penalties or deny the preferential tariff treatment as the circumstances may warrant.

8. A good that is subject to an origin verification process or any instance of review or appeal in the territory of one of the Parties may not be the subject of an advance ruling.

9. Subject to paragraph 10, each Party shall apply an advance ruling to importations into its territory of the relevant good from the date of its issuance or from such later date as may be specified in the ruling.

global safeguard measure means a measure applied under Article XIX of GATT 1994 and the WTO Agreement on Safeguards;

serious injury means a significant overall impairment in the position of a domestic industry;

substantial cause means a cause which is important and not less than any other cause; and

threat of serious injury means serious injury that, on the basis of facts and not merely on allegation, conjecture or remote possibility, is clearly imminent.

Article 6.2 : Anti-Dumping Measures

1. The Parties maintain their rights and obligations under Article VI of GATT 1994 and the Agreement on Implementation of Article VI of GATT 1994 (“WTO Agreement on Anti-dumping”).

2. Anti-dumping actions taken pursuant to Articles VI of GATT 1994 and the WTO Agreement on Anti-dumping shall not be subject to Chapter 20 (Dispute Settlement).

3. Notwithstanding paragraph 1, the Parties shall observe the following practices in anti-dumping cases between them in order to enhance transparency in the

implementation of the WTO Anti-dumping Agreement:

- (a) when anti-dumping margins are established on the weighted average basis, all individual margins, whether positive or negative, should be counted toward the average; and
- (b) if a decision is taken to impose an anti-dumping duty pursuant to Article 9.1 of the WTO Agreement on Anti-dumping, the Party taking such a decision, should apply the 'lesser duty' rule, by imposing a duty which is less than the dumping margin where such lesser duty would be adequate to remove the injury to the domestic industry.

ARTICLE 6.3 : COUNTERVAILING MEASURES

1. The Parties maintain their rights and obligations under Article VI of GATT 1994 and the WTO Agreement on Subsidies and Countervailing Measures.
2. Countervailing measures taken pursuant to Article VI of GATT 1994 and the WTO Agreement on Subsidies and Countervailing Measures shall not be subject to Chapter 20 (Dispute Settlement).

Article 6.4 : Bilateral Safeguard Measures

1. Subject to paragraphs 2, 3, 4, 5, 6, 7 and 8, if, as a result of the reduction or elimination of a customs duty under this Agreement, an originating good of the other Party is being imported into the territory of a Party in such increased quantities, in absolute terms or relative to domestic production, and under such conditions that the imports of such originating good from the other Party constitute a substantial cause of serious injury or threat thereof, to a domestic industry producing a like or directly competitive good, such Party may:

- (a) suspend further reduction of any rate of customs duty provided for under this Agreement for such originating good; or
- (b) increase the rate of customs duty on such originating good to a level not to exceed the lesser of:
 - (i) the most-favoured-nation ("MFN") applied rate of duty on the good in

effect at the time the action is taken; and

- (ii) the MFN applied rate of duty on the good in effect on the day immediately preceding the date of entry into force of this Agreement.

2. A Party shall take a measure only following an investigation by that Party's competent authorities in accordance with Article 3 and paragraph 2 of Article 4 of the WTO Agreement on Safeguards. To this end, Article 3 and paragraph 2 of Article 4 of the WTO Agreement on Safeguards are incorporated into and made a part of this Agreement, *mutatis mutandis*. The investigation shall in all cases be completed within one year following its date of initiation.

3. A Party shall notify the other Party in writing upon initiation of an investigation provided for in paragraph 2 and shall consult with the other Party as far in advance of taking any such measure as practicable, with a view to reviewing the information arising from the investigation, exchanging views on the measure and reaching an agreement on compensation as set out in paragraph 8. If a Party takes a provisional measure pursuant to paragraph 7, the Party shall also notify the other Party prior to taking such measure, and shall initiate consultations with the other Party immediately after such measure is taken.

4. No measure may be maintained:

- (a) except to the extent and for such period of time as may be necessary to prevent or remedy serious injury and to facilitate adjustment; or
- (b) for a period exceeding two (2) years; except that the period may be extended by up to two (2) years if the competent authorities determine, in conformity with the procedures set out in paragraphs 1 through 3, that the measure continues to be necessary to prevent or remedy serious injury and to facilitate adjustment and that there is evidence that the industry is adjusting.

5. Where the expected duration of the measure is over one year, the Party applying such measure shall progressively liberalise it at regular intervals during the period of application.

6. Upon the termination of the measure, the rate of customs duty shall be the rate which would have been in effect but for the measure.

7. In critical circumstances, where delay would cause damage which would be difficult to repair, a Party may take a measure described in paragraph 1 on a provisional basis pursuant to a preliminary determination that there is clear evidence that imports from the other Party have increased as the result of the reduction or elimination of a customs duty under this Agreement, and such imports constitute a substantial cause of serious injury, or threat thereof, to the domestic industry. The duration of such provisional measure shall not exceed 200 days, during which time the requirements of paragraph 2 shall be met. Any tariff increases shall be promptly refunded if the investigation provided for in paragraph 2 does not result in a finding that the requirements of paragraph 1 are met. The duration of any provisional measure shall be counted as part of the period described in paragraph 4.

8. The Party applying a measure described in paragraph 1 shall provide to the other Party mutually agreed trade liberalising compensation in the form of concessions having substantially equivalent trade effects or equivalent to the value of the additional duties expected to result from the measure. If the Parties are unable to agree on compensation within thirty (30) days in the consultations under paragraph 3, the Party against whose originating good the measure is applied may take action with respect to originating goods of the other Party that has trade effects substantially equivalent to the measure. The Party taking such action shall apply the action only for the minimum period necessary to achieve the substantially equivalent effects, and in any event, only while the measure under paragraph 1 is being applied.

Article 6.5 : Global Safeguard Measures

CHAPTER 7 SANITARY AND PHYTOSANITARY MEASURES

2. The Parties shall ensure that any sanitary and phytosanitary measure is applied only to the extent necessary to protect human, animal or plant life or health, is based on scientific principles and is not maintained without sufficient scientific evidence.
3. The principles set out in paragraphs 1 and 2 shall be applied in accordance with the WTO Agreement on the Application of Sanitary and Phytosanitary Measures which is hereby incorporated into and made part of this Agreement.
4. To provide a means of consultation and exchange of information between the Parties on sanitary and phytosanitary matters and enable the response to queries from one Party to the other within a reasonable time, the Parties shall maintain and communicate through the following contact points⁷⁻¹:
 - (a) for Korea, the Ministry of Agriculture and Forestry; and

5. In determining whether an international standard, guide, or recommendation within the meaning of Articles 2 and 5, and Annex 3 of the WTO TBT Agreement exists, each Party shall apply the principles set out in "Section IX (Decision of the Committee on Principles for the Development of International Standards, Guides and Recommendations with relation to Articles 2 and 5, and Annex 3 of the Agreement) in the Decisions and Recommendations adopted by the Committee since 1 January 1995", G/TBT/1/Rev.8, 23 May 2002 and its Revision issued by the WTO Committee on Technical Barriers to Trade.

2. If a Party makes any further liberalisation of the remaining restrictions scheduled in conformity with Article 9.6 or any additional commitments scheduled in conformity with Article 9.7 by an agreement with a non-Party, it shall afford adequate opportunity to the other Party to negotiate treatment granted therein on a mutually advantageous basis and with a view to securing an overall balance of rights and obligations.

Such recognition, which may be achieved through harmonisation or otherwise, may be based upon an agreement or arrangement between the Parties, or may be accorded autonomously.

2. A Party that is a party to an agreement or arrangement of the type referred to in paragraph 1, whether existing or future, shall afford adequate opportunity for the other Party, if the other Party is interested, to negotiate its accession to such an agreement or arrangement or to negotiate comparable ones with it. Where a Party accords recognition autonomously, it shall afford adequate opportunity for the other Party to demonstrate that education, experience, licences, or certifications obtained or requirements met in that other Party's territory should be recognised.

3. A Party shall not accord recognition in a manner which would constitute a means of discrimination between countries in the application of its standards or criteria for the authorisation, licensing or certification of services suppliers, or a disguised restriction on trade in services.

4. Annex 9D applies to measures adopted or maintained by a Party relating to the licensing or certification of professional service providers.

ARTICLE 9.11 : DOMESTIC REGULATION

1. Each Party shall ensure that all measures of general application affecting trade in services are administered in a reasonable, objective and impartial manner.

2. Each Party shall maintain or institute as soon as practicable judicial, arbitral or administrative tribunals or procedures which provide, at the request of an affected service supplier of the other Party, for the prompt review of, and where justified, appropriate remedies for, administrative decisions affecting trade in services. Where such procedures are not independent of the agency entrusted with the administrative decision concerned, the Party shall ensure that the procedures in fact provide for an objective and impartial review.

3. Paragraph 2 shall not be construed to require a Party to institute such tribunals or procedures where this would be inconsistent with its constitutional structure or the nature of its legal system.

4. Where authorisation is required for the supply of a service, the competent authorities of a Party shall, within a reasonable period of time after the submission of an application considered complete under domestic laws and regulations, inform the applicant of the decision concerning the application. At the request of the applicant, the competent authorities of the Party shall provide, without undue delay, information concerning the status of the application.

5. With the objective of ensuring that measures relating to qualification requirements and procedures, technical standards and licensing requirements do not constitute unnecessary barriers to trade in services, the Parties shall jointly review the results of the negotiations on disciplines on these measures, pursuant to Article VI.4 of GATS, with a view to their incorporation into this Agreement. The Parties note that such disciplines aim to ensure that such requirements are *inter alia*:

- (a) based on objective and transparent criteria, such as competence and the ability to supply the service;
- (b) not more burdensome than necessary to ensure the quality of the service;
- (c) in the case of licensing procedures, not in themselves a restriction on the supply of the service.

6. Pending the incorporation of disciplines pursuant to paragraph 5, a Party shall not apply licensing and qualification requirements and technical standards that nullify or impair its obligations under this Chapter in a manner which:

- (a) does not comply with the criteria outlined in paragraphs 5(a), (b) or (c); and
- (b) could not reasonably have been expected of that Party at the time the obligations were undertaken.

7. In determining whether a Party is in conformity with its obligations under paragraph 6, account shall be taken of international standards of relevant international organisations⁹⁻⁵ applied by that Party.

ARTICLE 9.12 : DENIAL OF BENEFITS

Subject to prior notification and consultation in accordance with Article 19.3 and Article 20.4, a Party may deny the benefits of this Chapter to a service provider of the other Party where the Party establishes that the service is being provided by an enterprise that is owned or controlled by persons of a non-Party and that has no substantive business operations in the territory of the other Party.

ARTICLE 9.13 : MONOPOLY AND EXCLUSIVE SERVICE SUPPLIERS

1. Each Party shall ensure that any monopoly supplier of a service in its territory does not, in the supply of the monopoly service in the relevant market, act in a manner inconsistent with the Party's obligations under Articles 9.3 and 9.5.

2. Where a Party's monopoly supplier competes, either directly or through an affiliated company, in the supply of a service outside the scope of its monopoly rights and which is subject to that Party's obligations under Articles 9.3 and 9.5, the Party shall ensure that such a supplier does not abuse its monopoly position to act in its territory in a manner inconsistent with such commitments.

⁹⁻⁵ The term "relevant international organisations" refers to international bodies whose membership is open to relevant bodies of both Parties.

3. If a Party has reason to believe that a monopoly supplier of a service of the other Party is acting in a manner inconsistent with paragraph 1 or 2, it may request the other Party establishing, maintaining or authorising such supplier to provide specific information concerning the relevant operations in its territory.

4. The provisions of this Article shall also apply to cases of exclusive service suppliers, where a Party, formally or in effect, (a) authorises or establishes a small number of service suppliers and (b) substantially prevents competition among those suppliers in its territory.

ARTICLE 9.14 : MODIFICATION OR ADDITION OF RESERVATIONS

1. By giving three (3) months of written notification to the other Party, a Party may modify or add to its non-conforming measures as set out in Annex 9A and add new sectors, sub-sectors or activities to its reservations set out in Annex 9B. At the request of the other Party, it shall hold consultations with a view to reaching agreement on any necessary adjustment required to maintain the overall balance of commitments undertaken by each Party under this Agreement. If agreement is not reached between the Parties on any necessary adjustment, the matter may be referred to arbitration in accordance with Chapter 20 (Dispute Settlement).

2. Paragraph 1 shall not be construed to prejudice the right of both Parties to maintain any existing measure or adopt new measures consistent with the reservations set out in Annexes 9A and 9B.

3. Within two (2) years after the date of entry into force of this Agreement, a Party may modify or add to its reservations as set out in Annex 9A in respect of any measure inconsistent with Article 9.5 so long as such a measure has been maintained by that Party before the date of the signature of this Agreement.

ARTICLE 9.15 : PAYMENTS AND TRANSFERS

1. Subject to its reservations pursuant to Article 9.6 and except under the circumstances envisaged in Article 9.16, a Party shall not apply restrictions on

international transfers and payments for current transactions.

2. Nothing in this Chapter shall affect the rights and obligations of the Parties as members of the International Monetary Fund under the Articles of Agreement of the Fund, including the use of exchange actions which are in conformity with the Articles of Agreement, provided that a Party shall not impose restrictions on any capital transactions inconsistently with its obligations under this Chapter regarding such transactions, except under Article 9.16, or at request of the Fund.

ARTICLE 9.16 : BALANCE- OF- PAYMENTS EXCEPTION

1. Where a Party is in serious balance of payments and external financial difficulties or threat thereof, it may, in accordance with Articles XI and XII of GATS adopt or maintain restrictions on trade in services on which it has obligations, including on payments or transfers for transactions related to such commitments. Articles XI and XII of GATS is hereby incorporated into and made part of this Agreement.

2. The Party introducing a measure under this Article shall promptly notify the other Party.

6. The reservations and commitments relating to trade in services shall be read together with the relevant guidelines, stated in GATT documents MTN.GNS/W/164 dated 3 September 1993 and MTN.GNS/W/164 Add.1 dated 30 November 1993.

 - (c) with respect to Articles 10.7¹⁰⁻³ and 10.18, all the investments in the territory of the Party.

2. This Chapter applies to the existing investments at the date of the entry into force of this Agreement, as well as to the investments made or acquired after this date.

3. For the purposes of this Chapter, measures adopted or maintained by a Party mean measures adopted or maintained by central or local governments and authorities or by non-governmental bodies in the exercise of any regulatory, administrative or other governmental authority delegated by central or local governments and authorities.

4. This Chapter does not apply to claims arising out of events which occurred, or claims which had been raised, prior to the entry into force of this Agreement.

5. This Chapter does not apply to services supplied in the exercise of governmental authority (such as law enforcement, correctional services, income security or insurance, social security¹⁰⁻⁴ or insurance, social welfare, public education, public training, health, and child care), provided that such services are supplied neither on a commercial basis, nor in competition with one or more service suppliers.

2. Each Party shall accord to investments of investors of the other Party treatment no less favourable than that it accords, in like circumstances, to investments in its territory of its own investors with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.
3. The treatment to be accorded by a Party under paragraphs 1 and 2 means, with respect to a local government, treatment no less favourable than the most favourable treatment accorded, in like circumstances, by that local government to investors, and to investments of investors, of the Party of which it forms a part, including itself.

2. The concepts of “fair and equitable treatment” and “full protection and security” in paragraph 1 do not require treatment in addition to or beyond that which is required by the customary international law minimum standard of treatment of aliens and do not create additional substantive rights.

- (a) The obligation to provide "fair and equitable treatment" includes the obligation not to deny justice in criminal, civil or administrative adjudicatory proceedings.
- (b) The obligation to provide "full protection and security" requires each Party to provide the level of police protection required under customary international law.
- (c) The "customary international law minimum standard of treatment of aliens" refers to all customary international law principles that protect the economic rights and interests of aliens.

3. A determination that there has been a breach of another provision of this Agreement, or of a separate international agreement, does not establish that there has been a breach of this Article.

ARTICLE 10.6: ACCESS TO THE JUDICIAL AND ADMINISTRATIVE PROCEDURES

Each Party shall within its territory accord to investors of the other Party treatment no less favourable than the treatment which it accords in like circumstances to its own investors, with respect to access to its courts of justice and administrative tribunals and agencies in all degrees of jurisdiction both in pursuit and in defence of such investors' rights.

ARTICLE 10.7: PERFORMANCE REQUIREMENTS

1. Neither Party may impose or enforce any of the following requirements, or enforce any commitment or undertaking, in connection with the establishment, acquisition, expansion, management, conduct, operation, or sale or other disposition of an investment of an investor of a Party or of a non-Party in its territory:

- (g) to transfer technology, a production process or other proprietary knowledge to a person in its territory, except when the requirement is imposed or the commitment or undertaking is enforced by a court, administrative tribunal or competition authority to remedy an alleged violation of competition law or to act in a manner not inconsistent with other provisions of this Agreement;
or
- (h) to supply exclusively from the territory of the Party the goods that it produces or the services that it supplies to a specific regional market or to the world market.

2. The provisions of paragraph 1 do not preclude either Party from conditioning the receipt or continued receipt of an advantage, in connection with investment and business activities in its territory of an investor of the other Party or of a non-Party, on compliance with any of the requirements set forth in paragraphs 1 (d), (g) and (h).

3. Nothing in paragraph 1 shall be construed to prevent a Party from conditioning the receipt or continued receipt of an advantage, in connection with an investment in its territory of an investor of a Party or of a non-Party, on compliance with a requirement to locate production, provide a service, train or employ workers, construct or expand particular facilities, or carry out research and development, in its territory.

4. Provided that such measures are not applied in an arbitrary or unjustifiable manner, or do not constitute a disguised restriction on international trade or investment, nothing in paragraphs 1(b), (c) or (d) shall be construed to prevent a Party from adopting or maintaining measures, including environmental measures:

- (a) necessary to secure compliance with laws and regulations that are not inconsistent with the provisions of this Agreement;

- (c) necessary for the conservation of living or non-living exhaustible natural resources.

5. Nothing in this Article shall be construed so as to derogate from the rights and obligations of the Parties under the TRIMs Agreement.

2. Through the review mechanism pursuant to Article 22.1, the Parties will engage in further liberalisation with a view to reaching the reduction or elimination of the remaining restrictions scheduled in conformity with paragraphs 1 and 2 of Article 10.9 on a mutually advantageous basis and securing an overall balance of rights and obligations.

- (c) not reflect any change in value occurring because the intended expropriation had become known earlier.

3. If the fair market value is denominated in a freely usable currency, the compensation paid shall be no less than the fair market value on the date of expropriation, plus interest at a commercially reasonable rate for that currency, accrued from the date of expropriation until the date of payment.

4. If the fair market value is denominated in a currency that is not freely usable, the compensation paid – converted into the currency of payment at the market rate of exchange prevailing on the date of payment – shall be no less than:

- (a) the fair market value on the date of expropriation, converted into a freely usable currency at the market rate of exchange prevailing on that date, plus
- (b) interest, at a commercially reasonable rate for that freely usable currency, accrued from the date of expropriation until the date of payment.

5. 6. This Article does not apply to the issuance of compulsory licences granted in relation to intellectual property rights in accordance with the TRIPS Agreement, or to the revocation, limitation, or creation of intellectual property rights, to the extent that such issuance, revocation, limitation, or creation is consistent with Chapter 17 (Intellectual Property Rights).

ARTICLE 10.14: LOSSES AND COMPENSATION

1. Investors of a Party whose investments suffer losses owing to war or other armed conflict, a state of national emergency, revolt, insurrection, riot or other similar situations, and such losses as ones resulting from requisition or destruction of property, which was not caused in combat action or was not required by the necessity of the situation, in the territory of the other Party, shall be accorded by the other Party, treatment, as regards restitution, indemnification, compensation or other forms of settlement, no less favourable than that which the other Party accords to its own investors or to investors of any non-Party, whichever is more favourable to the investors concerned.

2. Paragraph 1 does not apply to existing measures relating to subsidies or grants, or to any conditions attached to the receipt or continued receipt of such subsidies or grants, whether or not such subsidies or grants are offered exclusively to investors of the Party or investments of investors of the Party, including government-supported loans, guarantees and insurance, that would be inconsistent with Article 10.4 but for paragraph 4(b) of Article 10.9.

ARTICLE 10.15: SUBROGATION

1. Where a Party or an agency authorised by that Party has granted a contract of insurance or any form of financial guarantee against non-commercial risks with regard to an investment by one of its investors in the territory of the other Party and when

2. Where a Party or the agency authorised by the Party has made a payment to its investor and has taken over rights and claims of the investor, that investor shall not, unless authorised to act on behalf of the Party or the agency authorised by the Party, making the payment, pursue those rights and claims against the other Party.

3. Articles 10.11, 10.13 and 10.14 shall apply *mutatis mutandis* as regards payment to be made to the Party or the agency prescribed in paragraphs 1 and 2 by virtue of such recognition of rights and claims, and the transfer of such payment.

ARTICLE 10.16: SPECIAL FORMALITIES AND INFORMATION REQUIREMENTS

1. Nothing in Article 10.4 shall be construed to prevent a Party from adopting or maintaining a measure that prescribes special formalities in connection with the establishment of investments by investors of the other Party, such as the requirement that investments be legally constituted under the laws or regulations of the Party, provided that such formalities are consistent with this Chapter and do not materially impair the protections pursuant to this Chapter afforded by a Party to investors of the other Party and investments of investors of the other Party .

2. Notwithstanding Article 10.4, a Party may require an investor of the other Party, or an investment of the investor in its territory, to provide routine information concerning that investment solely for informational or statistical purposes. The Party shall protect such business information that is confidential from any disclosure that would prejudice the competitive position of the investor or the investment. Nothing in this paragraph shall be construed to prevent a Party from otherwise obtaining or disclosing information in connection with the equitable and good faith application of its law.

ARTICLE 10.17: DENIAL OF BENEFITS

Subject to prior notification and consultation in accordance with Articles 19.3 and 20.4, a Party may deny the benefits of this Chapter to an investor of the other Party that is an enterprise of such other Party and to investments of that investor if investors of a non-Party own or control the enterprise and the enterprise has no substantive business operations in the territory of the other Party under whose law it is constituted or organised.

ARTICLE 10.18: ENVIRONMENTAL MEASURES

Nothing in this Chapter shall be construed to prevent a Party from adopting, maintaining or enforcing any measure otherwise consistent with this Chapter that it considers appropriate to ensure that investment activity in its territory is undertaken in a manner sensitive to environmental concerns.

SECTION C - SETTLEMENT OF DISPUTES **BETWEEN A PARTY AND AN INVESTOR OF THE OTHER PARTY**

ARTICLE 10. 19: SETTLEMENT OF DISPUTES BETWEEN A PARTY AND AN INVESTOR OF THE OTHER PARTY

1. This Article shall apply to disputes between a Party and an investor of the other Party concerning an alleged breach of an obligation of the former under this Chapter which causes loss or damage to the investor or its investment and establishes a mechanism for the settlement of investment disputes that assures both equal treatment among investors of the Parties in accordance with the principle of international reciprocity and due process before an impartial tribunal.

2. The parties to the dispute shall initially seek to resolve the dispute by consultations and negotiations.

3. If the dispute cannot be resolved as provided for under paragraph 2 within six (6) months from the date of a request for consultations and negotiations, and if the investor concerned has not submitted the investment dispute for resolution (a) before the courts or administrative tribunals of the disputing Party (excluding proceedings for interim

measures of protection referred to in paragraph 5), or (b) in accordance with any previously agreed dispute settlement procedures, the investor concerned may submit the dispute for settlement to:

- (a) the International Centre for Settlement of Investment Disputes (ICSID), if both Parties are parties to the ICSID Convention;
- (b) arbitration under UNCITRAL Arbitration Rules; or

4. Each Party hereby consents to the submission of a dispute to arbitration under paragraphs 3(a) and 3(b) in accordance with the provisions of this Article, conditional upon:

- (a) the submission of the dispute to such arbitration taking place within three (3) years of the time at which the disputing investor became aware, or should reasonably have become aware, of a breach of an obligation under this Chapter and, of the loss or damage incurred by the disputing investor or its investment;
- (b) the disputing investor not being an enterprise of the disputing Party until the disputing investor refers the dispute for arbitration pursuant to paragraph 3; and

 - (ii) briefly summarises the alleged breach of the disputing Party under this Chapter (including the articles alleged to have been breached) and the loss or damage allegedly caused to the investor or its investment.

5. Neither Party shall prevent the disputing investor from seeking interim measures of protection, not involving the payment of damages or resolution of the substance of the matter in dispute before the courts or administrative tribunals of the disputing Party, prior to the institution of proceedings before any of the dispute settlement fora referred to in paragraph 3, for the preservation of its rights and interests.

6. Neither Party shall give diplomatic protection, or bring an international claim, in respect of a dispute which one of its investors and the other Party shall have consented to submit or have submitted to arbitration under this Article, unless such other Party has failed to abide by and comply with the award rendered in such dispute. Diplomatic protection, for the purposes of this paragraph, shall not include informal diplomatic exchanges for the sole purpose of facilitating a settlement of the dispute.

(b) *Transparency of interconnection arrangements*

2. A Party that is a party to such an agreement or arrangement referred to in paragraph 1, whether future or existing, shall afford adequate opportunity for the other Party to negotiate its accession to such agreements or arrangements, or to negotiate comparable ones with it, under circumstances in which there would be equivalent regulation, oversight, implementation of such regulation, and if appropriate, procedures concerning the sharing of information between the parties to the agreement or arrangement. The Financial Services Committee shall transmit a copy of its decision to the tribunal. The decision shall be binding on the tribunal.

3. Where the Financial Services Committee has not decided the issue within sixty (60) days of the receipt of the referral under paragraph 1, the respondent or the Party of the claimant may request the establishment of a panel under relevant Articles in Chapter 20 (Dispute Settlement). 2. This Chapter shall not apply to measures regarding nationality or citizenship, residence on a permanent basis or employment on a permanent basis.

ARTICLE 13.3: GENERAL OBLIGATIONS

1. Each Party shall apply its measures relating to the provisions of this Chapter in accordance with Article 13.2 and, in particular, shall apply expeditiously those measures

ARTICLE 15.5: CONSULTATIONS

1. At the request of a Party, the Parties shall enter into consultations regarding matters that may arise under this Chapter, including the elimination of particular anti-competitive practices that affect trade or investment between the Parties.

3. If, in its final report, the arbitral panel determines that a Party has not conformed with its obligations under this Agreement or that a Party's measure has caused nullification or impairment, the means to resolve the dispute shall, whenever possible, be to eliminate the non-conformity or the nullification or impairment.

arbitral panel has found,

it may request the original arbitral panel to determine the matter. The original arbitral panel shall present its determination to the Parties within thirty (30) days after it reconvenes.

- (b) Chapter 16 (Government Procurement), except to the extent that any of its provisions applies to services.

2. Subparagraphs (a), (b) and (c) of Article XIV of GATS are incorporated into and made part of this Agreement, for the purposes of:

- (a) Chapters 3 (National Treatment and Market Access for Goods), 4 (Rules of Origin), 5 (Customs Procedures), 6 (Trade Remedies), and 14 (Electronic Commerce), to the extent that a provision of those chapters applies to services;
- (b) Chapter 9 (Cross Border Trade in Services);
- (c) Chapter 10 (Investment);
- (d) Chapters 11 (Telecommunication) and 12 (Financial Services); and
- (e) Chapter 16 (Government Procurement), to the extent that a provision applies to services.

ARTICLE 21.3 : NATIONAL SECURITY

1. Nothing in this Agreement shall be construed:

- (a) to require a Party to furnish any information, the disclosure of which it considers contrary to its essential security interests; or

- (b) to prevent a Party from taking any actions which it considers necessary for the protection of its essential security interests:
 - (i) relating to the traffic in arms, ammunition and implements of war and to such traffic in other goods and materials or relating to the supply of services as carried on, directly or indirectly, for the purpose of supplying or provisioning a military establishment;
 - (ii) taken in time of war or other emergency in international relations;
 - (iii) relating to fissionable and fusionable materials or the materials from which they are derived; or
- (c) to prevent a Party from taking any action in pursuance of its obligations under the United Nations Charter for the maintenance of international peace and security.

A Party shall inform the other Party to the fullest extent possible, of measures taken under paragraphs 1(b) and (c) and of their termination during the meeting to review the implementation of this Agreement under Article 22.1, if such measures were taken.

ARTICLE 21.4 : TAXATION

1. Except as set out in this Article, nothing in this Agreement shall apply to taxation measures.
2. Nothing in this Agreement shall affect the rights and obligations of either Party under any tax agreement to which both Parties are parties. In the event of any inconsistency between this Agreement and any such agreement, that agreement shall prevail to the extent of the inconsistency. In the case of a bilateral tax agreement between the Parties, the competent authorities under that agreement shall have sole responsibility for determining whether any inconsistency exists between this Agreement and that agreement.
3. Notwithstanding paragraph 2, Article 3.3 and such other provisions of this Agreement as are necessary to give effect to that Article shall apply to taxation

measures to the same extent as does Article III of GATT 1994.

4. Articles 10.13 and 10.19 shall apply to taxation measures to the extent that such taxation measures constitute expropriation as provided for therein²¹⁻¹. An investor that seeks to invoke Article 10.13 with respect to a taxation measure must first refer to the competent authorities described in paragraph 5, at the time that it gives notice under Article 10.19, the issue of whether that taxation measure involves an expropriation. If the competent authorities do not agree to consider the issue or, having agreed to consider it, fail to agree that the measure is not an expropriation within a period of six (6) months of such referral, the investor may submit its claim to arbitration under Article 10.19.

5. For the purposes of this Article, **competent authorities** means:

- (a) for Singapore, Director for Fiscal Policy, Ministry of Finance, or his successor or such other public officer as may be designated by Singapore; and
- (b) for Korea, Deputy Minister, Tax and Customs Office, Ministry of Finance and Economy or his successor.

²¹⁻¹ With reference to Article 10.13 in assessing whether a taxation measure constitutes expropriation, the following considerations are relevant:

- (i) the imposition of taxes does not generally constitute expropriation. The mere introduction of new taxation measures or the imposition of taxes in more than one jurisdiction in respect of an investment, does not in and of itself constitute expropriation;
- (ii) taxation measures which are consistent with internationally recognised tax policies, principles and practices do not constitute expropriation. In particular, taxation measures aimed at preventing the avoidance or evasion of taxes should not, generally, be considered to be expropriatory; and
- (iii) taxation measures which are applied on a non-discriminatory basis, as opposed to being targeted at investors of a particular nationality or specific individual taxpayers, are less likely to constitute expropriation. A taxation measure should not constitute expropriation if, when the investment is made, it was already in force, and information about the measure was made public or otherwise made publicly available.
